

MURAD QURESHI for Division 2

CLP: **Westminster North CLP**

Membership: **A654126**

Email: murad.queshi2012@gmail.com

<https://muradqueshi.com/>

I am Murad from Paddington, standing up for Londoners from my part of London. **In West Central, I have been involved in helping the Labour Group at Hammersmith & Fulham regain control of the Council in the local elections of 2014**; Emma Dent Coad winning Kensington seat in the 2017 General Election and quite honestly we should have won West Central in the last London Elections in May 2021.

As a result, I have been active locally in campaigns like Grenfell in North Kensington; holding the government to account on Hammersmith bridge; and residents and tenants rights with their Housing Association landlords in Westminster. During this current pandemic, I've helped out with food banks, setting up vaccination centres in mosques and of course helping neighbourhoods, friends and family in the local neighbourhood.

I **want a campaigning Regional Executive Committee (REC)** going to parts of London we do not normally think of as our patch on issues like the climate emergency; Grenfell & cladding scandal; and defending the rights of tenants in Housing Association accommodation.

I take my commitment to justice and fairness seriously and this is something I will bring to the REC. I will be an advocate for members taking a stand against undue process and misuse of power. I will approach Appeal Panels with the fairness required, so that Labour can be a party we all have faith in. People will not trust us if we cannot trust each other.

I have been a Councillor, Assembly Member for an aggregate of 20 odd years and held various positions in my local CLP including the Policy Officer at present. I am also a member of the Cooperative Party, Unison, Unite the Community, STWuk and CND.

For democracy, accountability and the grassroots, please support me by nominating me in your CLP

Please also support **KATRINA FFRENCH** for Division 2
