---

I am an active member in my branch and CLP, having been a GC delegate for the last 5 year. I am currently a Branch BAME Officer in my CLP; and have previously been Branch Secretary and branch Campaigns Officer.

I set up my branch Labour Party Covid Response and recruited over 50 Labour Party volunteers, linking up with the local community centre to start up food banks across neighbouring wards. I led a branch homelessness campaign, with Streets Kitchen to provide outreach to the homeless in Camden and Archway.

I encourage an actively **anti-racist, inclusive** approach in my branch, organising events on the hostile environment, the Windrush scandal, Black Lives Matter, knife crime - all issues that disproportionately affect BAME/ black communities. I am currently running a local Movement Against Racism discussion group in my branch.

I have lived in Camden for over 20 years and am a teacher at a secondary school in Tottenham and a member of the NEU.

I see myself **as a socialist and a community activist** who believes in progressive politics and democracy from the roots up. I will be accountable and transparent in my decision-making. I believe in natural justice and following due process within all aspects of politics and in society, am committed to and recognise the importance of fairness in Appeals Panels, and am willing to stand up against arbitrary and undemocratic behaviour that might occur from the London Region. I believe that Councillor candidates should never be blocked for factional reasons. As a Party member, I value the importance of socialist principles and see **politics as a vocation not a career**.

**I would request that you support me by lending me your vote.**

**Please also give your support to Jumbo Chan in Section 7.**
