

Seema Chandwani

Your left candidate for Vice Chair of London Labour

We'll Lead London Labour Together

Our Labour Party has changed It's time the London Labour party did too

Our party has seen some amazing developments since Jeremy Corbyn became the Leader. New members are an asset to our movement. But there is a protection of the status quo which is preventing us from seeing the benefits a larger, more vibrant party can bring.

London Labour needs to work for all members

- ➔ We need to rebuild the trust in the London Labour Party and Board
- ➔ We need to open up our structures and have more accountability
- ➔ We need to implement the changes members voted to have
- ➔ CLPs need to be given the support they need to grow and develop
- ➔ Members need more input in policy for the GLA and London Councils
- ➔ We need to engage more BAME members in leadership roles

Why vote for me?

- ➔ I have been CLP Secretary for Tottenham for 6 years
 - ✓ I know how local party structures should work.
- ➔ I sit on my LCF, I have been a Procedures Secretary and Election Agent
 - ✓ I know how selections and local elections should be carried out.
- ➔ I am the National CLP Rep on the Conference Arrangements Committee
 - ✓ I know how member led conferences should be conducted
